

# Qikai Xu

## PROFILE

I want to learn a skill well enough to educate others, even if it is just the basics. This is because I am driven by teaching and being taught and it is something I came to like since my previous education. Partaking in other people's interests, exchanging ideas and making conversation during teamwork are just as important as working hard and reaching deadlines as those aspects are crucial for developing my hard- and soft skills.

## EXPERIENCE

2014 - Present

Frituur Magic I Wilrijk

### POLYVALENT EMPLOYEE

Responsible for ordering, working the register and communicating between customers and staff. My work also includes preparing, finishing and packing orders. Additionally, I clean, restock and prefry produce at different time throughout the day.

2019 - 2021

Rituals | Lier

### CHRISTMAS HELP

Runner focusing on stock management. Besides taking care of the stock, I also took care of the storefront and whether there were sufficient products on all shelves. During rush hour, I alternately had the task as a shop assistant and host.

## LANGUAGES

Dutch	Mother tongue
